# EXTENDED PROFILE

## OVERVIEW

Packiyο is a cloud-based WMS tailored for eCommerce brands and third-party logistics providers (3PLs).

Launched in 2021, the 'get-it-done' shipping platform provides tools to help businesses connect sales channels, automate order processes, track inventory, find better shipping rates, handle more orders, and manage their warehouses efficiently, all in one centralized platform.

## OUT OF THE BOX PACKIYO INTEGRATIONS

Packiyο supports seamless integration with over 250 eCommerce and shipping platforms, including popular sales channels like Shopify, WooCommerce, Amazon, and BigCommerce.

The platform's premium integrations include [Oracle NetSuite ERP](#), CRSTL (EDI Connector), and Pipe17.

## KEY FEATURES OF PACKIYO WMS

- **Inventory management:** Packiyο enables precise tracking of inventory, allowing users to monitor every unit, optimize inbound processes, and manage storage locations effectively.
- **Order processing automation:** The platform offers orchestrated order processing with automated rules to assign packaging and shipping methods, facilitating quick order viewing and editing.
- **Mobile picking:** Packiyο provides a mobile app compatible with Android and iOS devices, enabling faster and more accurate order picking.
- **Shipping optimization:** Integrated with over 150 shipping carriers worldwide, Packiyο offers live rate shopping and intelligent label generation to optimize shipping methods.
- **Reporting and analytics:** Users gain actionable insights through reports on shipments, inventory, and productivity, aiding in informed decision-making.
- **Automation with Copilot:** The Copilot feature automates repetitive tasks such as order prioritization and shipping method assignment, enhancing operational efficiency.

## HOW MUCH DOES PACKIYO COST?

Packiyο has tiered pricing for 3PLs and brands (go and pro levels). For enterprise-scale WMS requirements, custom quotations are required.

Feel free to download our extended Packiyο software profile for a breakdown of the pricing tiers.
